9. **AFFIDAVIT** and permission for municipal, county and state officials to enter the property for inspections:

I agree the statements made above are true, and if found not to be true this application and any approval will be void. Further, I agree to comply with the conditions and regulations provided with this parent parcel division. Further, I agree to give permission for officials of the municipality, county and the State of Michigan to enter the property where this parcel division is proposed for purposes of inspection. Finally, I understand this is only a parcel division which conveys only certain rights under the applicable local land division ordinance and the State Land Division Act (formerly the sub-division control act, P.A. 288 of 1967, as amended (particularly by P.A. 591 of 1996) MCL 560.101 et. seq.), is not a representation or determination the resulting parcels comply with other ordinances or regulations, and does not include any representation or conveyance of rights in any other statute, building code, zoning ordinance, deed restriction or other property rights.

Further, I understand the municipality granting approval of this division(s) resulting in less than 1 acre in size is not liable if a building permit is not issued for the parcel due to non-approvable on-site water or on-site sewage disposal. Checking with the District Health Department for septic and water is the landowner's responsibility.

Finally even if this division is approved, I understand zoning, local ordinances and State Acts change from time to time, and if changed the divisions made here must comply with the new requirements (apply for division approval again) unless deeds, land contracts, leases or surveys representing the approved divisions are recorded with the Register of Deeds or the division is built upon before the changes to laws are made.
